QUIZ INSTRUCTIONS

Secondary 7th Chords · Level 1

You will hear four notes played together. Choose the chord type that matches the sound.

1. **Listen to the chord**
   Press Play to hear all four notes together. Listen to the sound they make as a group. You can listen again whenever you need to.

2. **Choose the chord type**
   Choose the chord name that matches what you hear. The answer buttons show the six chord types used in this lesson.

3. **Submit your answer**
   When you are ready, press Submit Answer. You can change your choice before you submit.

Notes played together · low to high

F	A ♭	C	E

Example answer

Minor-Major 7th

This visual example is F minor-major seventh. Choose Minor-Major 7th. During the quiz, choose the type of chord you hear.

What changes in this quiz?

These are four-note chords with different combinations of chord notes. For example, Minor-Major 7th combines a minor three-note chord with a major seventh: F, A ♭, C and E. In the chord names, ♭5 means the fifth is lowered by one small keyboard step, and ♯5 means it is raised by one small keyboard step. This lesson uses chords built on F. The notes use a close layout. Choose the chord type only; there is no separate inversion answer.

Answer choices

Augmented 7th | Minor-Major 7th | Diminished-Major 7th | Dominant 7(♭ 5) | Major 7(♯5) | Major 7(♭ 5)

QUIZ INSTRUCTIONS

Secondary 7th Chords · Level 2

You will hear four notes played together. Choose the chord type that matches the sound.

1 **Listen to the chord**

Press Play to hear all four notes together. Listen to the sound they make as a group. You can listen again whenever you need to.

2 **Choose the chord type**

Choose the chord name that matches what you hear. The answer buttons show the six chord types used in this lesson.

3 **Submit your answer**

When you are ready, press Submit Answer. You can change your choice before you submit.

Notes played together · low to high

F	A ♭	C	E

Example answer

Minor-Major 7th

This visual example is F minor-major seventh. Choose Minor-Major 7th. During the quiz, choose the type of chord you hear.

What changes in this quiz?

These are four-note chords with different combinations of chord notes. For example, Minor-Major 7th combines a minor three-note chord with a major seventh: F, A ♭, C and E. In the chord names, ♭5 means the fifth is lowered by one small keyboard step, and ♯5 means it is raised by one small keyboard step. This lesson uses all twelve keys. The notes use a close layout. Choose the chord type only; there is no separate inversion answer.

Answer choices

Augmented 7th | Minor-Major 7th | Diminished-Major 7th | Dominant 7(♭ 5) | Major 7(♯5) | Major 7(♭ 5)

QUIZ INSTRUCTIONS

Secondary 7th Chords · Level 3

You will hear four notes played together. Choose the chord type that matches the sound.

1. **Listen to the chord**
   Press Play to hear all four notes together. Listen to the sound they make as a group. You can listen again whenever you need to.

2. **Choose the chord type**
   Choose the chord name that matches what you hear. The answer buttons show the six chord types used in this lesson.

3. **Submit your answer**
   When you are ready, press Submit Answer. You can change your choice before you submit.

Notes played together · low to high

C (low)	F	A ♭	E

Example answer

Minor-Major 7th

This visual example is F minor-major seventh. Choose Minor-Major 7th. During the quiz, choose the type of chord you hear.

What changes in this quiz?

These are four-note chords with different combinations of chord notes. For example, Minor-Major 7th combines a minor three-note chord with a major seventh: F, A ♭, C and E. In the chord names, ♭5 means the fifth is lowered by one small keyboard step, and ♯5 means it is raised by one small keyboard step. This lesson uses chords built on F. The notes are spread out in a drop-2 layout: the second note from the top of a close chord is moved down to its next lower version. Choose the chord type only; there is no separate inversion answer.

Answer choices

Augmented 7th | Minor-Major 7th | Diminished-Major 7th | Dominant 7(♭5) | Major 7(♯5) | Major 7(♭5)

QUIZ INSTRUCTIONS

Secondary 7th Chords · Level 4

You will hear four notes played together. Choose the chord type that matches the sound.

1. **Listen to the chord**
   Press Play to hear all four notes together. Listen to the sound they make as a group. You can listen again whenever you need to.

2. **Choose the chord type**

Answer choices

Augmented 7th | Minor-Major 7th | Diminished-Major 7th | Dominant 7(♭ 5) | Major 7(♯5) | Major 7(♭ 5)

QUIZ INSTRUCTIONS

Secondary 7th Chords · Level 5

You will hear four notes played together. Choose the chord type and its inversion.

1. **Listen to the chord**
   Press Play to hear all four notes together. Listen to the sound they make as a group. You can listen again whenever you need to.

2. **Choose the type and position**
   First choose the chord type. Then select Root Position, 1st Inversion, 2nd Inversion or 3rd Inversion.

3. **Submit your answer**
   Check that you have chosen both a chord type and an inversion. When you are ready, press Submit Answer. You can change your choice before you submit.

Notes played together · low to high

A ♭	C	E	F

Example answer

Minor-Major 7th

Also choose: 1st Inversion

This visual example is F minor-major seventh. Choose Minor-Major 7th and 1st Inversion. A ♭ is the third of this chord, and it is the lowest note.

What changes in this quiz?

These are four-note chords with different combinations of chord notes. For example, Minor-Major 7th combines a minor three-note chord with a major seventh: F, A ♭, C and E. In the chord names, ♭5 means the fifth is lowered by one small keyboard step, and ♯5 means it is raised by one small keyboard step. This lesson uses chords built on F. The notes use a close layout. For close chords, Root Position has the root at the bottom, 1st Inversion has the third, 2nd Inversion has the fifth, and 3rd Inversion has the seventh. The root is the note the chord is named after; the third, fifth and seventh are its other notes.

Answer choices

Augmented 7th | Minor-Major 7th | Diminished-Major 7th | Dominant 7(♭5) | Major 7(♯5) | Major 7(♭5)

Also choose the position

Root Position | 1st Inversion | 2nd Inversion | 3rd Inversion

QUIZ INSTRUCTIONS
