YOUR CATEGORY GUIDE

Minor Chord Extensions

Hear the notes added to a minor chord and select all their numbers.

What you are practising

Hear the notes added to a minor chord and select all their numbers.

Why it helps

Learn which added notes create each minor-chord colour.

QUIZ INSTRUCTIONS

Minor Chord Extensions · Level 1

The chord type is Minor. Listen and select all the added note numbers that make up the chord you hear.

1. **Listen to the whole chord**

   Press Play and listen to how the extra notes change the minor chord. You can listen again whenever you need to.

2. **Select every note number you hear**

   Choose all the numbers that belong to the chord, such as 6, 7, 9 or 11. More than one answer can be needed. Tap a selected number again to remove it.

3. **Check and submit**

   Check all your selected numbers before pressing Submit Answer. Include 7 whenever the chord contains a seventh. For example, Minor 11 needs 7, 9 and 11.

What changes in this quiz?

A minor chord starts with three notes. Added notes give it a different sound; their numbers are what you select in this quiz. The ♭ sign means a lowered note and ♯ means a raised note, by one keyboard step, counting white and black keys. Group 1 contains five four-note chords: a minor chord with a sixth, seventh or one added note. This lesson uses chords built on F. The chords use their basic arrangement, with no doubled or shifted notes. Select the notes present, not just the largest number in the chord name. The 7 button means the minor seventh in this category. This quiz uses 6 in sixth chords and 13 when it is an extension above a seventh.

QUIZ INSTRUCTIONS

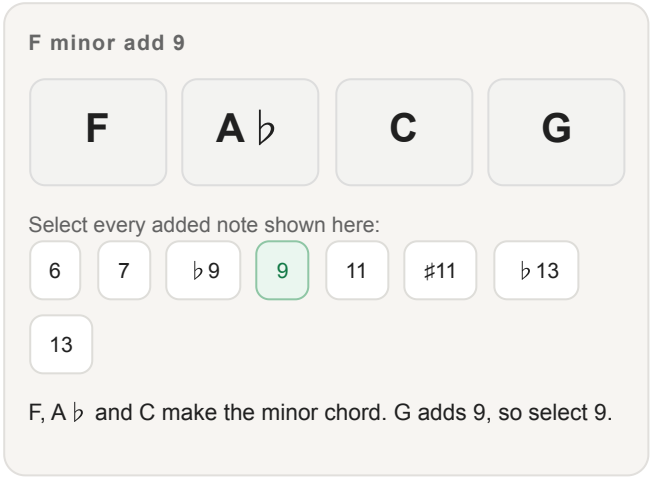

Minor Chord Extensions · Level 2

The chord type is Minor. Listen and select all the added note numbers that make up the chord you hear.

1. **Listen to the whole chord**
   Press Play and listen to how the extra notes change the minor chord. You can listen again whenever you need to.

2. **Select every note number you hear**
   Choose all the numbers that belong to the chord, such as 6, 7, 9 or 11. More than one answer can be needed. Tap a selected number again to remove it.

3. **Check and submit**
   Check all your selected numbers before pressing Submit Answer. Include 7 whenever the chord contains a seventh. For example, Minor 11 needs 7, 9 and 11.
